

MORTUARY CHAMBER

Specifications :

Capacity 2 Body, Material-SS304

Temperature Range +2 Degrees to +8 Degrees C

Temp. Controller - Digital temperature controller cum indicator for easy readability

Insulation - Polyurethane Insulation

Door-Right hinged door, Floor - Recessed Floor

Door Handle - Easy grip door handle

Frame - Superior Engineered

Compressor - Heavy duty Air-Cooled compressor

Condenser - Automatic condensate evaporating system

Evaporator - Internal evaporator system

Refrigerant - Non CFC, Air Circulation - Forced Air Circulation

Defrost No Defrost

Power Supply - 220 volts, 50Hz
